These passages are ones I am using with kids who are just learning the magic e or silent e pattern. We have been highlighting the skill words, reading them and then reading the passages. We typically have time in a small group to read two stories or read one story and do another phonics activity. I would highly recommend these and the other phonics passages by A Teachable Teacher.

This was great for my struggling readers. They were still able to practice our sounds for the week but the passages were not too long or hard for them.

I was looking for something to use for my beginning readers in small groups and this was the perfect resource. It provided them with just the right amount of challenge to practice their reading fluency. I loved how comprehension questions were also included.
